

We are looking for **innovative European SMEs** providing digital technologies in multiple application domains.

Call #1.5 PULL

HUBCAP is the one-stop-shop for European SMEs wanting to embrace digital innovation using Model-Based Design (MBD) technology for Cyber-Physical Systems (CPS). Is your SME/midcap providing such tools? Join the programme by integrating your assets in our collaboration platform and we will help you find new end-users.

What you get

- The opportunity to integrate your MBD CPS products, services and technologies within the HUBCAP ecosystem offering
- The chance to reach potential new customers and collaborators and to participate in funded HUBCAP experiments and innovations
- A lump sum of 1000€ (per SME)
- Access to a sustainable ecosystem of stakeholders active in multiple CPS domains (Mobility, Industry, Health, Energy, Environment, Robotics, etc.)
- Access to support services and workshops with our Digital Innovation Hubs

Open call deadline: 7 July 2022 (17h00 CEST)
