

We are currently seeking highly innovative collaborations of 2-3 SMEs that will work together to develop and deploy innovative CPS products and solutions using MBD.

Call #3 INNOVATE

HUBCAP is a one-stop-shop for European SMEs who want to embrace digital innovation using model-based design technology for CPSs – encompassing products that combine hardware and software across a range of domains including Mobility, Industry, Health, Energy, Environment, and Robotics. The new HUBCAP web platform hosts the tools you need to scale ideas and grow your business, supported by experts from our Digital Innovation Hubs (DIHs).

Source potential partners for your application and work towards the development and implementation of highly innovative and challenging MBD CPS solutions, which will become part of the HUBCAP portfolio of success stories!

What your consortium will receive:

- Funding of up to €200k (per consortium)
- Technical and Business support from our DIHs
- Opportunity to connect with other SMEs and organisations from various industries
- Opportunities to access MBD CPS solutions and services provided by specialised entities
- Access to the HUBCAP Community ecosystem
- Access to new markets opportunities

Open call deadline: 30 June 2021 (17h00 CEST)
